TECHNICAL DATA SHEET

STICKEASY Cleaning clay

Brief introduction:

Based on the environmental colloid, it has non-toxic and excellent adhesion and can be reused. It is suitable for surface oil stain, such as the surface fingerprint of the watch, the cleaning of the electronic board and other insulation. It can also be sealed as a mechanical product.

Purpose:

It can be used in areas that are difficult to clean and other uses, such as electronic floor cleaning, minute needle positioning in watch production and school art work.

Advantage:

- unique sticky nontoxic formula.
- Strong cleanliness

Typical physical properties :

STICKEASY CLEANING			
CLAY	Relative density g/cm ³	PH VALUE	Appearance
——	1.01	——	Light green solid

Matters needing attention :

1. Do not contact with food.
2. Sealed and preserved.
