# TECHNICAL DATA SHEET

## WHITE PLASTIC GREASE(Sound reduction)

### Description:

High white plastic grease is oil like compound, its viscosity is very strong. It is specially designed for lubricating electric appliances, toys and active accessories. It can provide high adhesion and damping effect.

### Purpose :

- It requires parts with twisting resistance and control speed.
- It has the function of shock proof and seal.
- It is suitable for CD/ recorder, Carman switch, audio rotary twisting system, telescope, microscope, camera lens, rangefinder and so on.

Products Code	Packings	Capacity
I100277-4L	Can	4L
I100277-18L	Pail	18L
I100277-200L	Drum	200L

### Performance characteristics :

- No toxic and chemical inert.
- Normal function can still be operated under the large temperature difference.
- The lubricating ability is excellent.
- Special effect sealing function.
- It has no effect on most rubber and plastic parts.

### Typical physical properties:

White Plastic Grease	NLGI	Coning 1/4	Drop point °C	Appearance
—	2	64~74	>180	White semi fluid

### Matters needing attention:

1. Please use it in a suitable temperature range, so as not to cause the grease to freeze or melt.
2. Sealed storage.
