TECHNICAL DATA SHEET

SUPER WHITE GREASE

Description:

The rich high plastic gear grease is an oil compound, its annual special height is specially designed for lubrication of plastic gears and loss of activity. The plastic gear grease has strong adhesive force, and its damping function is widely used in electrical appliances and toy manufacturing industry.

Purpose:

- Use plastic gear with electrical toys to lubricate it.

Advantage:

- Strong adhesion force
- Special lubrication performance, wide application

Products Code	Packin gs	Capacit y
I100276-4L	Can	4L
I100276-18L	Pail	18L
I100276-200L	Durm	200L

Typical physical properties:

Super White Grease	NLGI	Coning 1/4	Drop point °C	Appearance
—	3	52~63	≤200	White paste

Matters needing attention:

1. Please use it in a suitable temperature range, so as not to cause the grease to freeze or melt.
2. Sealed storage.
